

Fundraising Efforts for Andy and Marcia Williams

It is with saddened hearts that we write to inform those of you who have not heard of the challenges being faced by RSL midfielder Andy Williams and his family. Andy's wife, Marcia, has been diagnosed with a rare form of leukemia that will require chemotherapy and a bone marrow transplant. Unfortunately, there are significant facets of Marcia's treatment that will not be covered by insurance. As a result, Andy and Marcia will likely face out of pocket expenses of between \$150,000 and \$200,000.

Those of you who know Andy and Marcia know well that they would be ready and willing to help if the situation was reversed. A variety of fundraising efforts are underway, and we urge all of you to consider helping however you can. If you would like to learn more or contribute, please visit the following website: www.soccerunitesutah.com; or contact Deb Harper at (801) 750-4808, (801) 553-2222, (801) 553-2221 or SoccerUnites@aol.com.
